Fiscal TOPICS

Flood Mitigation Program and Sales Tax Funding

History and Purpose

The lowa General Assembly created the <u>Flood Mitigation Program</u> in <u>2012</u>. The Program provides a funding source to finance flood mitigation projects undertaken by approved local governments. The primary funding source established is a diversion of State sales tax revenue from the State General Fund to the approved local governments. The <u>lowa Flood Mitigation Board</u> manages the Program.

The lowa Department of Revenue provides assistance in determining the amount of funding available to each of the approved local governments. The amount of funding available each quarter is determined by comparing the retail sales within a specific geographic area in a given quarter to the amount of retail sales in that same area for that same quarter in a base year. The calculated State sales tax from the retail sales growth is available to the local governments for flood mitigation finance. Local governments are permitted to issue bonds that will be repaid with the sales tax revenue made available under the Program.

The Board is allowed to approve sales tax funding for local government projects that totals no more than \$30.0 million per year. A local government is allowed to receive sales tax revenue for flood mitigation for up to 20 years after the local government's project was approved by the Board. No local government is allowed to receive more than \$15.0 million in sales tax revenue under the Program in any one fiscal year. The first quarterly sales from which sales tax revenue growth could be calculated and transferred for the Program was the third quarter of FY 2014.

Table 1 Flood Mitigation Funding Summary In Millions									
	Approved								
	Sales Tax	Sales Tax	Total						
Local	Funding, in	Funding	Funds, All	Total nds, All Reported					
Government	Millions	Time Frame	Sources	Debt					
Burlington	\$ 26.2	2016-2033	\$ 64.2	\$ 0.0					
Cedar Falls	6.6	2014-2018	13.3	0.0					
Cedar Rapids	269.4	2014-2033	576.1	0.0					
Coralville	9.8	2014-2034	23.5	0.0					
Council Bluffs	57.0	2015-2034	114.0	0.0					
Des Moines *	111.1	2016-2035	308.6	0.0					
Dubuque	98.5	2014-2033	200.9	28.8					
Iowa City	8.5	2014-2021	63.4	6.0					
Storm Lake	4.1	2015-2033	8.2	3.1					
Waverly	5.6	2014-2025	11.3	9.1					
	\$ 596.8		\$ 1,383.5	\$ 47.0					
* City of Des	\$ 596.8 \$ 1,383.5 \$ 47.0 * City of Des Moines and Metropolitan Wastewater Reclamation Authority								

¹ For nine cities, the geographic area for the increment calculation is the entire city. For the Des Moines/Metro Wastewater Reclamation Authority, the geographic area encompasses Des Moines and many surrounding cities.

² Division VI of <u>HF 2459</u> (FY 2017 Standing Appropriations Act) granted the Board authority to extend the 20-year funding limit under specified circumstances.

The Board has approved a total of \$596.8 million in sales tax funding for the projects of 10 approved local governments. The funding schedule runs from FY 2014 through FY 2035. The total sales tax funding approved, sales tax time frame, total funds from all sources, and project debt are provided above in **Table 1**. **Table 1** reflects reports filed by the approved local governments through September 30, 2016. The reported debt column includes debt issued that is to be repaid with diverted sales tax revenue. lowa Code section 418.14 authorizes the issuance of bonds that are to be repaid in whole or in part with the sales tax revenue authorized under the Program.

Current Budget Impact

Sales tax funding of the Flood Mitigation Program negatively impacts the State General Fund revenue stream through periodic transfers out of the State General Fund to the Sales Tax Increment Fund. The transfers to the Sales Tax Increment Fund decrease, dollar-for-dollar, State General Fund revenue for the year.

The first quarter eligible for increment calculations was the third quarter of FY 2014. For FY 2014 through the third quarter of FY 2017, a total of \$69.4 million has been transferred from the State General Fund to the Sales Tax Increment Fund. Of the \$69.4 million, a total of \$63.3 million has been remitted to the 10 approved local governments, leaving a balance in the Sales Tax Increment Fund of \$6.2 million, as provided in **Table 2**.

				Table 2	2					
		Flood Mitigation Program								
Sales Tax Increment Fund										
	FY 2014		FY 2015		FY 2016	FY 2017 *		Total
